Plot No.1 was claimed subject to exchange with the Kurdiyat in Ma'aborot, Block 8361 PPN.16, 17 and 18 (Claim No.101) 247½ D. (Exclusive the scheduled road) and P.P.N.11 of block 8360 (Claim No.100) 8½ Dunums containing the spring. See GP/5/54

The exchange was confirmed in case No.2/Wadi el Hawarith 399.999 Dunums were registered in the name of K.K.L. and 247½ Dunums approx. (Kurdiyat) were registered in name of Government and a small area round the spring which was not considered by the Settlement Officer as part of the exchange.

Note Copy of SO's decision for Basset Daliya is in file No GP/15/36 and Case No.2 Wadi Hawarith P.T.D

The position now therefore follows.

Subject:- Government Properties - 'Ein
Mahoreh and Ma'barot.

The State Domain properties originally
recorded under D/Tul/30 and 31 have now been
settled.

Part of the area namely 400,001 square
metres was transferred to the Palestine Jewish
Colonization Association by way of exchange for
an area of 247,201 sq. metres (Kurdiyot)
Ma'barot village and is now recorded under
GP/5/54(6,7 and 8). The residue of the area
has now been recorded under GP/5/59(1).

I shall therefore be obliged if you will
close the old State Domain files and use the
new GP numbers in all future correspondence
relating to these properties.

The above exchange has now been
effected at Land Settlement.

2. Provisional parcels Nos. 16, 17 and 18
of block 8361 of Ma'barot comprising 247.500
dunums net, known as El Kurdiyat land, formerly
owned by the Jewish National Fund are being
entered in the Schedule of Rights in the name
of Government in lieu of an area of 400 dunums,
comprising the whole of Bassat Daliya and
part of Bassat esh Sheikh Salah, formerly owned
by Government, which is being shown in the
Schedule of Rights in the name of the Jewish
National Fund. An additional area of 3.443
dunums surrendered by the J.N.F. under this
exchange has been incorporated in the adjoining
scheduled road which is also being registered
in name of Government.

3. This information is being conveyed to
the District Commissioner, Samaria District,
and to the Development Officer. Formal allocation
of this land to the Development Officer will be

made as soon as the Certificates of Registration in name of Government and the final plan are issued to me.

4. A copy of the preliminary block plan No.8361 showing the Kurdiyat land hatched in red is enclosed.

5. The 400 dunums of Government land surrendered to the J.N.F. were referred to in previous correspondence as Baset Qaqun in error.

Registers and to the omission of re-

assessments the existing taxes on

immovable property (wenko and masagat)

had become for the most part arbitrary

imposts, adding to the tithe in rural

areas and securing an inadequate return

from urban areas.

(v) that again owing to the failure of the

Land Registers there was no security of

rights to land, no basis for economical

borrowing for agricultural needs, and

uncessing encroachments both on public and

private domain.

(vi) that the periodic re-apportionment of

village lands, so widely practised in

accordance with the system known as mashe,

was a most serious handicap on the economic

development of the country and the improve-

ment of the position of the peasantry.

(vii) that no effective measures had so far been

taken to remedy these evils because the

essentially associated problems mentioned

had never been considered or dealt with in

any thorough manner as a whole. The

Departments concerned, more particularly the

Land Registries and the Survey, had been left

to pursue reform piece-meal without general

direction or a common objective.

(viii) that the existing subordination of the

Land Registry and of the Public Domain

of the State to a common Department was both

contrary to the public interest and administra-

tively undesirable.

On 6/2/1936, I received a copy of the letter of the Assistant District Commissioner, Samaria, No. T/80/104 dated 21.1.1936, addressed to you, and a telephonic message from the District Officer, on behalf of Mr. Foot, asking to arrange and have the above site Surveyed in Order to Execute the proposed Exchange between the Government and the Jewish National Fund.

Although the name of the Locality is shown to be Basset Qaqun but I understand that it is meant to be Basset Dalieh which is registered under No. 2 of Hamun Awwal 1328, in accordance with the particulars mentioned in the attached Extract.

Apparently the said site has not been previously Surveyed and therefore the Surveyor has arranged and produced from the Survey Department the general plans of Wadi El-Hawareth in Order to assist him in preparing the necessary Survey.

the District Commissioner
Northern District.

The Assistant District Commissioner, Samaria, has forwarded to me a copy of your above quoted letter and I should be glad if you would confirm that this letter authorises me to arrange for the transfer of 400 dunums of Government land in the Basset Qa'gun to the Jewish National Fund.

2. I understand that the District Commissioner is satisfied that Government is not surrendering in land greater value than it receives under the exchange contemplated.

3. The offer made by the Assistant District Commissioner to the Jewish National Fund stated that these transactions would not involve the Jewish National Fund in any expenses and I should therefore be grateful for your authority to remit any stamp duty, land registration or survey fees which may be payable on these transactions.

As, according to the ruling contained in your letter No.L"157/34 dated 26th February 1935, there is no statutory provision under which the collection of Land Registry fees can be waived, I shall be grateful for authority to meet the charges from my vote and if no funds are available for the purpose, to make application for a Special Warrant to cover them.

I presume also that stamp fees will have to be paid and that your authority will also cover this item.

./.

4. I shall also be obliged if you will confirm, since the area will become a State Domain, that I am authorised to hand the land transferred to Government by the Jewish National Fund to the Development Officer for the settlement of Wadi Hawareth Arabs. I understand that he will make the necessary arrangements with these Arabs and that the District Authorities will be responsible for collecting any rent due from them.

5. I observe that it has been suggested that one-fifth of the gross yield shall be collected by way of rent and I would point out in this connection that, since tithes are no longer collected, this will necessitate an annual assessment of the produce.

Subject:- Basset Qa'qun, Tulkarm
Sub-District.

It has been arranged that 400 dunums of the State property known as Basset Qa'qun should be handed over to the Jewish National Fund in exchange for another area of land which is required for the settling of certain Arabs from Wadi Hawareth.

2. The State Domains comprised in Basset Qa'qun are those recorded in the District Offices Tulkarm under Nos. D/Tul/30 and 31 which are covered by two Turkish registrations.

3. I should be grateful if you would arrange for a plan suitable for registration purposes to be prepared to show the whole of these State Domain properties as one entity in the first instance, indicating the boundaries of the two registrations in order that a combination may be arranged. I suggest that a separate tracing should be prepared of the whole area showing the 400 dunums to be handed over to the Jewish National Fund in order that this may be registered in their name and the balance in the name of the High Commissioner for the time being in trust for the Government of Palestine.

4. I understand that the Land Registry Surveyor, Tulkarm, is aware of this matter and that the Assistant District Commissioner will be able to point out the area to be transferred to the Jewish National Fund.

Mr Tayan was also present but not Laleh himself.
The boundaries appeared clear with the
exception of his contention one side to confirm
this it was decided to ~~examine~~ examine a culpeit
Extract of the registration held by Tayan in case
an additional area between his southern boundary
as shown on the plan & the road leading to Sheikh
Mohammad should be included.

It was agreed by the Govt representatives, &
Rappley by confirmed Laleh's position from all directions,
that the Government's claims to the plot claimed
by Tayan should be adhered to.

As soon as a decision is arrived at after
perusal of Tayan's title the Dept of Agriculture,
to whom the land is handed over, should be

Director of Lands.

Sir,

Whereas we have purchased an area of land of 100 donums approximately in Kakun Village, and as the said plot abuts on the State Domain land of "Bassett Ain Dalleh" we beg that the said "Bassa" belonging to the Government be either sold or leased to us on terms on which both sides will agree to.

The inclusion of the above "Bassa" with our said plot is necessary to us in order to drain and render healthy the said Government plot and to plant this area as our experts may decide, and thus we believe we are rendering a public service by making healthy the said "Bassa".

We believe also that the Government is always willing to accede to such requests when public utility and agricultural development is involved.

Kindly let us know your conditions in respect of the said plot.

I have the honour to be,

Sir,

Your obedient servant.

In compliance with the order of the Director of Lands No.D/Tul/30 dated 23/2/26, we have duly inspected the plot of land known as Bassat Dalieh detailed in file No. D/Tul/31 and concluded the following :-

1. The above Bassah lies in Wad El Hawareth El Sharky in Tulkarem Sub-District and is registered in the Tabou in the name of the Finance under No. 2 dated December 1323 with an area of 210 dus. and boundaries as follows :-

South: Ard el Tayan with a trench separating it from the southern end to the road leading to Khirbet Sheikh Mohamed.

East : Bassat Sederat Sheikh Salah and Ard Tayan.

North: Ard Ateel separated by public road and leading eastward to Ard Tayan and Ard Kakoun.

West : Ard Tayan bounding the trench.

2. According to the plan prepared by the Lands Department Surveyor of Habsus, the area of this plot was found as follows :-

(a) Above Government Bassah 254 dus. & 398 pics

(b) Land in dispute by Mr. Tayan 34 dus. & 205 pics

In its present situation the area of this Bassah was found exceeding the registered area by 44 dus. and 398 pics. Its east, north and western boundaries are correct. But according to the Report of Yousef Thabet dated 1st April 1925 No. 2, Mr. Michel Tayan (the adjoining owner) and his farmers were encroaching on a plot of land lying in the south-western boundary; but notice was given to them and they left a part of the said plot which has been annexed to the Bassah. Mr. Tayan refused to deliver the remainder which is under his cultivation this year, and claims that this part measuring 34 dus. and 205 pics belongs to Tayan family.

3. And whereas the trench mentioned in the above western and southern boundaries has no trace at all, and whereas the lands of Mr. Tayan are compact to the Bassah, and whether he advanced on or receded from the above boundary, his lands can be considered as a boundary.

The area mentioned in his ~~old~~ ^{old} ~~old~~ kushans is very little in comparison to the actual area he possessed. The experts and neighbours together with the Inspector of Agriculture and Forests have ~~decide~~ decided that the above plot measuring 34 dus. and 205 pics is a part of the a-bove Bassah.

4. The area and boundaries of the Government Bassah have been fixed and shown on the plan attached hereto.

5. In compliance with the letter sent by the Director of Lands to the District Commissioner, Northern District, dated 5-2-26 No. D/Tul/31, the above Bassah was handed over to the Department of Agriculture & Forests.

Moreover this Department too possession of the plot in dispute mentioned in para 3 above.

Note on files D/Tul/60, D/Tul/30, 31, 32.

Difficulties arose recently in regard to the Swamps of Wadi Hawareth and their location, which have led to some confusion.

It is desired therefore to trace briefly the position with regard to these State properties.

There are 3 swamps belonging ^{to} the Government namely:-

- 1) Bassat Sheikh Mahmud.
- 2) Bassat El Dalia and
- 3) Bassat Sheikh Salah.

There is another swamp situated within the sandy lands of Zeita Village belonging to the Government too.

The correspondence on the above mentioned files confuse very often these swamps with the sandy lands of Zeita Village which is a Government property too.

With regard ^{to location of the} to the first swamp or Bassat Sheikh Mahmud which is apparently the swamp referred to in D/Tul/60, there are no particulars on the file.

The correspondence sometimes refers to Bassat Sheikh Mahmud and sometimes to Bassat El Gazazeh.

Both swamps are apparently adjoining each other and it is most desirable that Yusef Eff. Thabet should inspect and render full report with regard to their position.

In regard to Bassat El Dalia a report of Yusef Eff. Thabet is on the file and it seems advisable that a plan should be made with regard to this land, at the earliest convenience and the boundaries be defined permanently since encroachment takes place constantly on this swamp.

In regard to Bassat Sheikh Salah a valuable report has been rendered by a Commission composed of the District Officer of Tulkarem, Sub-Inspector of Agriculture and Forests, the Land Registrar and the Mudir Mal of Tulkarem.

The only question which should be dealt with immediately is to ^{to} survey the ground and the definition of the boundary permanently.

and The Commission has revealed that some encroachment took place on this ground but since there is ample evidence orally written to the effect that this encroachment took place only recently the Commission is of the opinion that the part encroached upon could be declared Muhlul as this land has not been cultivated before.

The duties of Yusef Eff. Thabet at Tulkarem this time seems to me to be the following:-

- 1) To define the ground of each of these swamps together with the District Officer and the Surveyor of Neblus.
- 2) To arrange for the survey of these properties.
- 3) To fix permanent boundary marks.
- 4) To report on the possibilities of making Muhlul those parts of the swamps encroached upon.
- 5) To clear up the position in regard to the 2 swamps called Bassat Sheikh Mahmud and the Bassat Gazazeh.

6) To report on each property separately

With reference to your above quoted letter I have, when I visited Tulkarem to investigate the case of Birket Ramadan, as directed reported to the District Officer with whom I inspected Bassat El ~~a~~alia and the following were concluded:-

1) Bassat El ~~a~~alia is situated on the Eastern part of Wadi El Hawarith attached to Tulkarem Sub-District. The said property is registered in the name of the Finance under No.2 of Kanun Awal, (December, 328. In the register the category of the land is put as Grazing area the survey of which is given as 210 dunoms and it has no plan.

2) Boundaries of Bassat ~~a~~alia as per Tapu Records:-

S:- Ard El Tayan, Fasil El Khandak situated on the west of the road leading to Khirbet El Sheikh Mohamed & the road.

N:- Ard 'Ateel, Fasil El Tarik to the west, Ard El Tayan & Ard Kakoun.

E:- Bassat Sidrat El Sheikh Saleh & Ard El Tayan.

W:- Ard El Tayan & El Khandak.

3) On complying the boundaries no trace whatever of the Khandak neither on the southern nor on the western boundaries could be found. We have at the end of an enquiry from the Mukhtars who are Said El Faris of Atteel Village and the elders El Haj Hamdan, Hassan bin el Abed El Jarab, Saleh Mahmud Doko, Masoud El Mahmud Doko, Mahmud Edris & Mahmud bin Hassan El Nadaf, found the exact boundaries and it has been brought to our notice as well that the cultivators of Tayan who is one of the neighbouring owners encroached the area referred to by 50 dunoms, on the S.W. to which they claim as being part of Tayan's land.

To this effect an application has been submitted by Abdalla El Samara and Partner Farid Samara the cultivators of Tayan's land on his behalf objecting the a/m information stating in their application that informants meant nothing but a revenge as there is an enmity between both parties, and asked for a second ~~party~~ and an impartial body to attend ~~xxx~~ the inspection and report on the claimed land.

On checking the boundaries we found out that the encroached area is within the boundaries of ~~Khandak~~ Bassat ~~a~~alia half of which is marshy, it has been evidenced as well that the cultivated part has never been cultivated except this year by the encroachers the cultivators of Tayan's land.

*Other properties
are left for amendment
you to tomorrow
End of 1928.*

4) Whereas I have, during the inspection, discovered two other different marshes than the one in question known by Ard Bassat El Sheikh Mahmud registered under No.1 dated Kanun Awal, 328 at an area of 10000 dunoms and the 2nd Ard Bassat Sidrat El Sheikh Saleh registered under No.3 dated Kanun Awal, 328 at an area of 180 dunoms and that these two areas are at the same time neighbouring to Tayan's land it is necessary, in order to protect same, to detail a surveyor to Tulkarem to arrange for a survey to be made.

For your information.

This Bassat has been leased to Abid Ahmad El Fattaisi from Attil for £E.18,000 m/ms .

He now complains that a part of it was ploughed by Michel Eff. Tayan who owns lands adjacent to it.

As Yousef Eff. Thebit is coming to investigate the case of Birkit Ramadan in the near future, May I ask you to instruct him to investigate and decide the boundaries for Bassat El Dalia when he comes. The Land Registrar and myself will accompany him.

AGREEMENT FOR AGRICULTURAL LANDS.

An Agreement made this *28th* day of *October* one thousand nine hundred and twenty *four* between *His Excellency The High Commissioner* on behalf of the Government of Palestine (hereinafter called the Landlord) of the one part and *Abid ibn Ahmed Fatayisi* of *Attil - Tulkarem S/D.* his heirs and assigns (hereinafter called the Tenant) of the other part.

WHEREBY the Landlord agrees to let and the Tenant agrees to take all that area of land known as *Basset El Dalia* in the *Wady Hanayeth* of *Tulkarem* in the Sub-District of *Tulkarem* and District of *Northern District* extending to an area of *Two hundred and ten* dunoms more or less and more fully described ~~in the schedule~~ and plan attached hereto and in the Tabu Register of *Tulkarem* Vol. *2* Page. *3* date *December 325* for the period of *one year* from the *fifteenth* day of *October* 1924 to the *fifteenth* day of *October* 1925 (determinable nevertheless as hereinafter mentioned) at a rent of *eighteen* Egyptian Pounds (£18) payable as hereinafter mentioned.

The Tenant hereby agrees,

1. To pay the rent in the manner hereinafter set out

~~2. To pay in addition to the Tithe of $12\frac{1}{2}\%$, a rent on one tenth of the produce of the said land on the assessed value thereof, and such assessment shall be made in the same manner as that of the said tithe and be payable on the same date and in the same manner~~

Or 2. To pay in addition to the tithe of $12\frac{1}{2}\%$, a yearly rent of *Eighteen Egyptian pounds* (£E. 18 — m/ms.) by *two instalments, one* payments in advance on or before the *28th day of October 1924* day of each of the months ~~of and the second instalment to be paid on 31st May 1925 in every year, the first of such payments being made on the execution hereof.~~

3. To keep the outside and inside of any buildings now erected or hereafter to be erected upon the premises in good and tenantable repair, fair wear and tear only excepted and to hand over in such condition at the expiration or other determination of this agreement.

4. To maintain and keep all water-courses, drains and channels in good order and condition together with all gutters, pipes, etc., and conform to the terms of the Antimalarial Ordinance.

5. To cultivate the land to the satisfaction of the Landlord and to pay to the Landlord a further rent of *00000* per dunom for such part of the Land as is capable of cultivation and which remains out of cultivation during any year of the tenancy hereby created such additional rent to be paid at such time as tithes are payable in respect of the Land and the amount thereof to be determined by the Landlord.

6. Not to sublet, assign, mortgage or otherwise dispose of the said land without the written consent of the Landlord.

8. Not to erect buildings nor make alterations or additions to existing buildings on the said property without the consent in writing of the Landlord is first obtained and any such structural alterations or additions so made shall be in accordance with plans and designs first approved by the Landlord and completed to his satisfaction. The Landlord shall not be liable for any expenditure incurred by the Tenant in respect of repairs and improvements nor shall he be liable for compensation for such on the determination of the tenancy.

9. To remove any building or erection which he may place on the said land without the consent of the Landlord at the expiration or sooner determination of the tenancy, if required by the Landlord, and restore the premises to their original state.

10. If at any time during the currency of the term hereby created the tenant shall fail to pay the rent in manner aforesaid or to observe and perform any of the terms of this agreement, the term hereby created shall be forfeited and the Landlord may forthwith re-enter upon the said premises and hereafter possess the same as though this agreement had never been made, provided:

(a) that entry by the Landlord shall not effect the liability of the tenant in respect of any obligation for non-payment of rent or non-observance of any of the terms of this agreement to which he may be subject at the date of such re-entry.

(b) that the Landlord shall not re-enter upon the premises for a breach of any term of this agreement other than non-payment of rent or failure to cultivate the land demised for a period of one year, unless notice of the breach has been served upon the tenant and the tenant has during the period of one month from the date of notice failed to comply with the terms thereof.

11. Quietly to yield up the premises so let and all fixtures thereon the property of the Landlord at the expiration or sooner determination of the term hereby created in good and tenantable repair and clean condition and fit for occupation by the incoming tenant.

12. To allow the Landlord or his representative to inspect the premises at any reasonable times.
The Landlord hereby agrees:

1. That the Tenant shall be entitled to irrigate the said land with such water as may be found thereon provided that he shall conform to the terms of the Antimalarial Ordinance and shall submit any plans for new works of irrigation to the Landlord and that he shall not obstruct any water-course or interfere with the free flow of water to adjacent lands that have hitherto enjoyed the use of such water except with the previous written consent of the Landlord.

2. That the Tenant paying the rent and performing the conditions hereinbefore contained shall quietly hold and enjoy the premises during the tenancy without any unlawful interruption by the Landlord.

3. It will be noticed that the area
left to the claimant is about 53 ordinary
dunoms, whilst the areas mentioned in his
kushan is only 45 dunoms. Since he has got
a surplus of 8 dunoms his contention before
the Court of Appeal that there has been

STATEMENT OF APPEAL BY APPELLANT
MOHAMED ISSA ABU HANTASH

Appellant states that he owns a plot of land by virtue of Kushan No.20 Elul 1324(?) derived to him by way of sale from Salem Khoury.

He alleges to have been in possession up to 1926 when an Inspector of Agriculture seized a part of his land claiming it to be state land and interfered with his possession.

He brought an action on the 27th Kanun Awal 1928 but the judgment was given against him. He appeals on the following grounds:-

1. Possession.
 2. That after deduction of the portion seized by the Government the remaining area will be less than 45 dunoms as stated in his kushan. He thinks therefore that the Court should have ordered to survey his land and see whether the land left to him will be 46 dunums as stated in his kushan or not.
 3. Registration in his name.
 4. The evidence was in his favour i.e. that he possessed the land since long ago and has therefore acquired it by right of prescription even if it was Government land.

STATEMENT OF APPEAL BY APPELLANT
MOHAMED ISSA ABU HANTASH

Appellant states that he owns a plot of land by virtue of Kushan No.20 Elul 1324(?) derived to him by way of sale from Salem Khoury.

He alleges to have been in possession up to 1926 when an Inspector of Agriculture seized a part of his land claiming it to be state land and interfered with his possession.

He brought an action on the 27th Kanun Awal 1928 but the judgment was given against him. He appeals on the following grounds:-

1. Possession.
 2. That after deduction of the portion seized by the Government the remaining area will be less than 45 dunums as stated in his kushan. He thinks therefore that the Court should have ordered to survey his land and see whether the land left to him will be 45 dunums as stated in his kushan or not.
 3. Registration in his name.
 4. The evidence was in his favour i.e. that he possessed the land since long ago and has therefore acquired it right of prescription even if it was Government land.

W. Tayan .

All four boundaries planted with eucaliptus in 1925 - 1926.
Marshy land different from cultivable land black soil while
soil of cultivable land is lighter in colour .

The Marshy land produces grasses of various kinds.

1. First visited the land in 1921 - not cultivated there was grass
where trees are now .

Plet in dispute was originaly - made but was cultivated by
ptf. & some ones else in 1925 - 1926 .

1 Visited the land presently between 1921 - & 1925 .
no cultivation between 1921 & 1925 .

Part cultivated in 1925 was marsh land about 300 - 400 mts.
from E.to W.and about 25 mts.from N.to S.and E.and about
15 mts.from N.to S.and W.

XX. None

To Court

There was definite line of cultivation alone
S.of marshy .

The plots in dispute is a visible cite into the marshy.

The Road between Ard Wad Hawareth & Ard Kakun runs N.W. & S.E. Eucalyptus & boundaries of Bassah . No cultivable land in Marshy - know it since 1925 .

In that year I took possession from Inspector of Lands - no cultivation there on plot now in dispute .

It was tilled by Pltff. at end of 1924.

To Court

I first saw the land in winter of 1925 about January plot in dispute then planted with wheat .

XX. Nil.

D.W.3 Levi Ishak Merdukhy Farmer Khudeira .

Know Basset Sheikh Salah - N. Road from Kakun to Khudeira S.Ard Kakun & Ard Tayan E.Basset Kakun W.Basset Dalieh . Eucalyptus planted on boundaries now - all land within them is marshy .

I took the land in 1924 to cut hay - knew it from passing & for 8 - 10 years previous to that .

XX. I examined soil of part in dispute - Black-resembling soil of cultivated land outside marshy .

Plot in dispute was tilled in 1925 only - I cut grass on that plot in 1924 - never saw tillage there previously.

Can't say if there was tillage there in Turkish times .

I planted the trees in 1926 - shown where to plant by

D.W. 1 & 2.

Knew place since the occupation - trees on old boundaries.

D.W.8. Salah Odeh Mohd.Salah Kakoun.

live in Dalieh Attil near Basset Sheikh Salah S.Pltf.'s lands, Shweikeh lands, Tayan's lands.

Took the land about 5 years ago it was burned that year - after I had cut the grass .

XX. I cut grass of plot in dispute .

I took the land from the Govt.

The plaintiff was registered on the 20.9.1324 No.26 as the owners of 8 Kirats of Ard El-Fatha in the lands of Kakoun bounded ~~by~~ E.Water cause W.Road N.Heirs of Abdul-Rahim .S.Iktan El-Tayan adjoining this land an tree N.is a marshy known as Bassah Sheikh Salah the property of the Government .

In 1926 the Department of Agriculture planted a belt of eucalyptus trees round the boundaries of Bassah Sheikh Salah - The plaintiff alleges - that the Government have in so doing appropriated portions of his land on the N.in

extent about 300 mts. from E. to N. and from 15 to 25 mts. from N. to S. upon the evidence we are satisfied that the plaintiff has encroached upon the lands of the Government to the extent of the plot in dispute by cultivating the same and that such encroachment has been within comparatively recent years. We are, therefore, of opinion that the plaintiff has failed to prove that the plot in dispute forms part of the lands registered in his name and we dismiss his claim with costs subsequent subject to appeal.

On the 17th, inst. a petition was made by me to the president of Land Court, Samaria, stating the impossibility of payment, before hearing the case, of the expenses fixed by the court to the witnesses of the Government, and asking for an immediate order for issuing the summons to the witnesses.

2. Fearing that my request will not be approved by the Court, on the very same date, an other letter was forwarded to the Inspector of Police, Tulkarem, asking him to arrange for the summon of the said witnesses to the Land Court, which will sit down at Nablus for hearing the case on 27th, Inst.

I have received your letter of 17.12.1928
No.16/25/955.

2. The suggestion therein contained is that
at or after the hearing the court should issue to the witnesses
warrants for the payment of their expenses. The result would
be(1)that the witnesses would have to wait a considerable time
for payment:(2)that they would have to make a journey to Tul-
karem in order to get the money.

3. I do not agree that a witness called by the
Government should be placed in a worse position than other
witnesses. Your Department has had ample time to lodge in
court the sum of LP.2.500, and until this has been done the
summonses cannot be issued.

Mr. Doukhan is not available on the date mentioned in your letter and you should make arrangements to be present yourselves in Court and if you think it is necessary, ask for the assistance of the Local Public Prosecutor. The Public Prosecutors have been instructed by the Attorney General in a letter AG.33 of 24.2.27 (copy of which is enclosed) that they shall appear for the Government in Land Cases when called upon.

2. With regard to the witnesses, I am drawing your attention to the Rules of Court issued by the Chief Justice in 1927 (Official Gazette ~~Extraordinary~~ of 1.11.27) which are to the effect that in any civil proceedings to which Government is a party the Court may direct that an allowance shall be paid to a witness at a rate specified in the Rules. In order to expedite matters you may, therefore, call the witnesses through the Police. The witnesses should submit to the President of the Court within seven days of the hearing of the case an application for allowance which will be paid on the certificate of the President.

The enclosures of your letter under reference are returned herewith.

11.8.

In Court/

Plaintiff(Mahd.Esa Abu Hantash) and Defendant are present.

Report of Inspection was read.

Plaintiff: My Witnesses are at hand and ready.

Witness-Mahd.Ali Assaf of Kakoun Village-on oath said:

The land in dispute known as Ard El-Fakha belongs to Mahd.Esa. It is bounded:

- N- Bussa and Road which still exists.
- W- Wadi el-Hawareth which belongs to Micheal El-Tayyan.
- S- Wadi El-Seil.
- E- Abdul Rahman of Shweikeh.

The Govt.planted the said land with Eucalyptus trees. The Plaintiff used to cultivate the abovementioned. every year except some years when heavy rain used to fall. I have planted it myself 8 years ago on his own account,for I was employed by him as a Ploughman,and at that time I have cultivated that same part,nowadays,planted with Eucalyptus trees. Some years we used to cultivate the whole land,up to the road(Northern)but some other years we used to omit 10 or 15 paces.When I used to cultivate it I usually omitted 15 paces without ploughing,as the oxen were not able to go through in view of the mud and lots of water.The above mentioned road leads to Sheikh Mohamad and to Abu Zabura.

I have,always,been passing through the Bussa. I do not know the Boundaries of the Bussa,but I do know those of Ard El-Fakha because I used to plough it.

Witness-Abraham El-Misleh of Kakoun on oath said:

I know that Ard El-Fakha belongs to Mahd.Esa.It is bounded on the North by the Bussa and by a road. Eucalyptus trees have been planted in the northern part of the land of the Plaintiff. I have seen that Mahd.Esa and his fathers before him have always cultivated this plot of land. Last year it was planted with barley and the year before last the Eucalyptus trees have been planted. Usually it has been cultivated up to the road but some other years when rain falls heavily two or three meters are omitted.

On Application of Deft.he was questioned,-Answered:

I have no land in that vicinity,but every year I pass from there to Wad el-Hawarith which I cultivate.On passing I usually see Mahd.Esa and have seen his fathers and forefathers ploughing and cultivating that plot.The Bussa is bounded:

- S. Road
- E. Tal El-Nourieh and Birkeh(pond)
- W. Dayyet El-Jirab.
- N. El-Ramel.

Witness-Mohd.Yusef Zeid Alla of Kakoun on oath said:

I am the Mukhtar of Kakoun Village.I have always known that Ard El-Fakha is a property of the Plaintiff. It is bounded;on the North by the Bussa of the Govt.

There has been a Road between the land in dispute and the Bussa,but lately it disappeared. I know not when did that road disappeared but traces are still found.The trees that have been planted are opposite to the road.They were planted in the winter of last year,and in that same year Mahd. Esa ploughed and cultivated the land also for it has not been cultivated 3 or 4 years before. In those years when heavy rain used to fall the owner used to leave the land without cultivation for the said land is adjacent to the Buss(Swamp) and the water used to flow over it rendering its ploughing almost impossible. But when rain does not fall so heavily he usually cultivates it. I own a plot of land adjacent to this land in dispute,and so I pass very often over this land which falls to the North South of the land of the Plaintiff,opposite to the Wad.My land is far from the Buss and therefore I plant it every year.

PL.on Application: Before the Govt.got in possession of this plot of land It has not been cultivated for about 3 or 4 years only.

Witness (asked) answered: The same year the Govt. got in possession of this land Mahd.Esa ploughed it.The Director of Agriculture and Forests appointed a Committee to demarcate the Bussa .The Committee found out that the land has actually been ploughed previously,and the colour of the soil of that part planted with Eucalyptus is distinctly different from the rest of the land.Accordingly the said Officer said that it belongs to the Bussa. That part in dispute has not been cultivated that same year,but the plaintiff planted the rest of the land with corn.

I know the land of Awlad Abdul Rahim .
The Witness was told: It is mentioned in the Sened Tabu that the land of Awlad Abul Rahim falls to the North.

Witness: Wrong. The land of Awlad Abdul Rahim falls to the East of Ard El-Fakha,and to the west thereof is Wad el-Hawarehth and the Road.

Witness- Mtstafa El-Hafi of Kakoun on oath said:

I have always known that Ard El-Fakha belongs to Mahd.Esa. It is bounded

W. Wad El-Tayyan.
E. Dar Abdul Rahim.
S. Wad.
N. Bussa and Road.

I have got no land in that neighbourhood but usually pass over to pasture the cows.It was 7 or 8 years before the harvest machines were known that the Plaintiff hired me to reap with him the wheat planted in the mentioned land. 13 years ago I have reaped the wheat in that land. In the Course of the last 3 years I have gone with the Mukhtars to effect the demarcation of the boundaries of this land for the year before El-Tayyan began demarcating his.

Witness-Questioned: The year before last some Officers accompanied the Mukhtars and went to differentiate between the boundaries of the Bussa and those of the TaYYand land.

Witness(questioned on Appl.of Pl.'s Attorney:

I am 65 years old.I have been in the army and came back in the year 308. I have also served in the last World War a period of 4 years.The Occupation took place 10 years ago.

Deft.to Witness: According to what you have said it is evident that 13 years ago you have been in the army.

Witness: I have taken a leave during my service and have come.

Defendant: I have not called my Witnesses for I have asked the Court to call upon them. They were present in the first sitting and in the sitting of the 24th.January,1928,but were absent in the sitting of the 24th.April,1928. I shall submit an application to the Court to call upon them.

DIRECTOR OF LANDS

MD/RP.

27/Jul/30

Plaintiff: Mahmoud Issa abu Hantash. Kakoun.

Defendant: Attorney General, on behalf of the Government.

On Thursday the 27/10/1927, The Land Court of Ismailia was formed at Bul-Karn, of the president Mr Webb, and the member Izzat Effendi. Fahmi Eff. El-Hussaini the agent of the plaintiff Mah^r Issa Hantash - Kakoun.

Izzat Eff. El-Jaouani Registrar of Land of Bul-Karn came instead of the Attorney General.

The case was read publicly.

It was said to the defendant that the land is registered in the Eghra by the name of the plaintiff according to a title deed, and the Government claims that the land is Makhfuf.

The agent of the defendant said: I don't deny that the title deed presented by the plaintiff is issued from the Land Department but the Register is missing, and I do not say that this land is bounded, but I say that Bassett Isheikh Salah is in possession of the Government, since 25 years ago according to the present boundaries: N. Road and Ard Isheikh. S. Saoud Hayan and Handak and the land of Kakoun & Isheikh land. E. Bul Innaurich & Kakoun's land which is near to Bul Innaurich. W. Bassett Isheikh belonging to the Government according to Kishan 1328 Jaimi No. 3. and is registered in the Eghra land grazing to the Government and the Government hires it according to these boundaries to the tenants, and the tenants get in possession of this land, take its grass and graze their animals in sight of the plaintiff with out protesting. The part that the plaintiff says that we have encroached upon it and is from his land, is waieit land and Bassa, and that the Bassa land of Bassett Isheikh Salah has boundaries and planted on its four boundaries five lines of Koena trees, and this part which is under the case is included in the land of Bassett Isheikh Salah. Therefore the plaintiff the right to claim the possession of this part. The five lines of trees of Koena are planted on the boundaries of the Bassett Isheikh Salah which.

), and the Koena was planted since two years. The plaintiff complains that we have encroached on part of his land from the north side and presented a Kishan an extract of Eghra to prove his possession by the registration of the Eghra bounded N. awlad Abudul-Ruhman. S. Bulon Bayan. E. Majra El-Maa & W. Road. From this registration it shows that it does not agree to a land near El-Bassa; that is the boundaries of the plaintiff do not agree to the boundaries of near to Bassett Isheikh Salah. Therefore asking me to prove the possession of the Government of this El-Bassa with the part of the plaintiff from old time, is from over 25 years.

The agent of the plaintiff said: that the Director of Agricultural department last year () on the land, because there is there swamp and planted in part of my principal's land Kalipstus, and this part was planted maies by my principal, and my ~~principal~~ principal owned the Agricultural Department, and as they gave him no reply, he planted it the second year wheat. At the time of the harvest the Director of Agricultural Dept sent some people

to reap the wheat by force. We do not demand that a land registered in the Gaber on our names. The Kaliptra trees are till now planted in the land in the part under the case of twenty Dunums.

It was decided that an inspection on the land to be made and to see in which Bittle is entered, if it is ~~in~~ included in the deed of the plaintiff or in the deed of Defendant, and each of the two parts proves his possession.

The two parts did not agree to the election.

Each of them was asked to elect one of an experiences.

The plaintiff selected Mohamadi Eff. Abdul-Halim from Bal-Karun.

The Defendant selected Nassar H. Assad from Bal-Karun.

The Court selected Rajeh H. Haj Moh. from Shweikh.

It was decided to inspect the land by these persons and also decided to give each a quarter of a pound and to the clerk of the Court who is to join them one pound with the expenses - and to postpone the sitting to 15/12/1927, to hear the witnesses of the two parties.

In reply to my letter, The President of Land Court, Samaria, in his letter No. NH/3/936 dated 20.12.28 informed me that the Department of Lands had ample time to lodge in Court the sum of £P.2.500 mils, and until this has been done the summons cannot be issued.

2. I made another letter to the Inspector of Police, Tulkarem, asking him to arrange for the summons of the witnesses to give evidence in the Land Court, Samaria, which will sit at Nablus for hearing the case No.27/12/28.

3. On the 27/12/27, the witnesses came to Tulkarem and informed me that they have no money to hire a cab. I therefore, was obliged to pay the sum fixed by the Court to the witnesses.

After the witnesses were asked by me carefully, the Court decided that :-

It has been proved in the Court that on 1925 the plaintiff encroached upon State Land by cultivating the disputed part of Basset Sheikh Salah and the case was dismissed with costs.

4. I asked the Registrar of Lands, Nablus, to obtain the copy of the Proceedings ~~which I~~ submit to you for your perusal.

Subject:- Mahmoud Eissa Abu Hantash V. Government.

I have received your letter of 17.12.1928
No.16/25/955 .

2. The suggestion therein contained is that at or after the hearing the Court should issue to the witnesses warrants for the payment of their expenses . The result would be (1) that the witnesses would have to wait a/considerable time for payment : (2) that they would have to make a journey to Tulkarem in order to get the money .

3. I do not agree that a witness called by the Government should be placed in a worse position than other witnesses . Your Department has had ample time to lodge in Court the sum of LP.2.500 , and until this has been done the Summonses cannot be issued .

You may be interested to know, for reference in connection with the lease of other state domains, the following figures in regard to the above mentioned areas now operated by this Department. It is understood that previously these properties were leased for £.13.500 m/ms per annum.

1926.

Crop of hay realised 59 tons valued at £.3½ per ton £.206.500

The hay was cut, baled and transported to Tulkarem station by a contractor who paid all expenditure and delivered to this Department, without charge, 14 tons worth £.49. The output was reduced by fire and grazing.

1927.

The crop of hay realised 116 tons valued at £.3½ per ton £.406.

The hay was cut, baled and transported to Tulkarem station by a contractor who paid all expenditure and delivered to this Department without charge 50 tons worth £.176.

TRANSLATION.

Petition Submitted to the
President of District Court,
S A M A R I A.

Plaintiff:- Mahd. Issa Abu Hantash, of Kakun Village.
Defendant:- Attorney General in his capacity as Attorney for
the Government of Palestine.

FACTS:- Did either Departments, Lands or Agriculture ever
take possession of a part of the disputed plot?

Did they plant Eucalyptus trees or not ?

Are they refusing to hand the land, claiming
that it is Mahlul ?

LEGAL FACTS:- Does the Court rule that the part taken by force
is now Mahlul ?

And does the Court rule to hand over one third
of it to me without the interference of either
Departments ?

Or does the Court rule that the planted trees
be uprooted or should I pay their cost ?

Or does it rule that costs and advocate fees
be paid ?

Your Court is undoubtedly aware
of my possession of one third of the land in dispute and my
disposal in partnership of the whole plot for a period
exceeding prescription, it was also confirmed that the part taken
by force is not Mahlul and the possession of the two Departments
is recent and without any legal rights. The Court will rule
my possession in one third of the land and will prevent either
Departments from interfering with me in the said share after
handing it over to me and uprooting the trees that were planted,
or to charge me the cost of them as uprooted trees, and to
charge defendants Court Expenses and Advocate fees.

LEGAL PROOFS:- Tabu Registration.

LEGAL ARTICLES:- Art. 138 of the Civil Procedure
Code, Art. 20 and 78 of the Land Code, Arts. 1676,
1737 and 1740 of the Majjaleh.

CONCLUSION:- I beg that Judgment be given in my
favour confirming my possession of one third of the
disputed land and to prevent the two Departments
from interfering with me in the land, also to hand

me over the land after uprooting the trees
or I will pay the cost of the trees considering
them as uprooted trees. Also I beg that defendant
should pay costs of Court as well as Advocate fees.

لحقه من رايه ابو بالفه المحرم

انه موطن محمود عيسى بن قنطرة منه حالى تربية قانونه على قطع ارضه واقعه في قضاء صولانم الناجم
لقضية قاعونه سماه بقية الفتى بموجب سنة هـ ١٢٠٠ كما انه مقرر في تلك القطعة اربعة اشراف ودرنا ودرنا
انواع الصفقات الشرعية وقدره مأمور براءة المقاطعة الحالية له في راجباً من المهرى واقطع صماً
من تلك القطعة ورضع على ذلك القسم علامات اذ اعلم بان ذلك القسم لم يرفع ثبوت سنوات وانه صحيح
محمولاً ومنه من المهرى به مستمرا قوة الحكومة في منه من ذلك القسم وحيث ان القطعة المقطعة المدة لوره
هي داخل في الارض التي كانت ترضع والذي بينه سنة هـ ١٢٠٠ حيث انه لم يترك ارضاً من ثبوت سنوات
كما يزعم وعلى فرضه المحال لولاه وصل من تلك القطعة ثلث سنوات به وانه لا يوجب محمولاً
تلك القطعة اذ ان المقصود من الحكم الوارد في قانونه لغيره هو ان يرضع ارضه الا ان يرضع وحيث ان
المدة راجعة الى سنة هـ ١٢٠٠ قد صرح اهل الجنازة بانها باقية لم يرضع اعطاهم هذه المادة ولولا ان يرضع
ولو صرح ان الحكومة المحلة بانه ترضع محمولاً ذلك القسم منه لرضع بسبب ان لوره فليس ان يرضع تلك
الارض وقبض الفرق بين به وانه راجع المحاكم حسب الاصول والاصول الحكم بانه يحل الحكومة منه بقوته
على تلك الارض فلهذا حكمكم بانني اعتبر بانه اعلانات التي وضعت من طرف مأمور الزمان المحال
هو تجاوز صريح على حقوقه موطنى ودرسه واجبات الارض عالة له وانه موطنى زعم على الفرق بانه ارضه
منه ودره ان يرضع الجنية بسنة هـ ١٢٠٠ واعلمكم انه كل تجاوز اذ قد صرح بانى من هـ ١٢٠٠ ارضه
موقوف بالحكومة يعطى ان اجمع بوجه المراجع الانجابية ومراجعة المحاكم الجرائية ايضا عنه الحاجب باعتبار
المخضبة التي به بما يقوده موطنى بغيره بالارض منه لوره ومستقبله قوة غير شدة وهي طرف النقص
فلهذا انتم بغيرم الترضع لموطني بالقطعة المدة لوره واعلمكم كل مسؤولية اذ ارضه في حاله
تدفعهم على ان يرضع في اقامة الدعوى في المحاكم العائدة لادبيات محولية القطعة التي به ترضع
محلولاً لادبيات ما ترضعونه ولذا ان يرضع منه حصة كاتب عدل ناسر بيلين هذه الارض من هـ ١٢٠٠

THE NEW YORK - 21.7.

Description

Date

His Honour
The President,
District Court, Nablus.

Plaintiff: Mahmoud Essa Abu Hantash, of
Kakoun village, Tulkarem
Sub-District.

Defendant: The Attorney General representing
the Government of Palestine.

I own a share of 8 Kirats out of 24 Kirats in a piece of land named "Ard Al Fatha" in Kakoun village. This land is bounded on the south by a water course, ~~from~~ the north by a public road, on the east by the heirs of Abdul Rahim and on the west by Alton Al Tayan. I have always used this land together with my partners the heirs of Ibrahim Abu Hantash. The Department of Agriculture has recently claimed that this piece of land ~~was~~ vacant (mahlul) and took possession of same. I have served a Notary Public Notice on the Registrar of Lands and asked him that he should bring an action against me before the Courts if he has any claim on the land, but the Registrar of Lands did not comply with my request and the Departments of Agriculture and Lands took hold of a part of this land covering an area of 20 dunums.

Whereas the action taken by the Departments of Lands and Agriculture is illegal; and

Whereas the piece of land appropriated by these Departments forms part of the share registered in our name in respect of which we hold a title deed; and

Whereas we have used this land for a long period;

Therefore I request Your Honour to order the Departments of Lands and Agriculture to restore to me the land referred to and to uproot the trees planted on it or to accept its value as uprooted.

Proofs: Title Deed and witness²

Plaintiff: Mahmoud Essa Abu Hantash, of

Sub-District.

Defendant: The Attorney General representing
the Government of Palestine.

I own a share of 8 Kirats out of 24
Kirats in a piece of land named "Ard Al Fatha"
in Kakoun village. This land is bounded on the
south by a water course, ~~from~~ the north by a
public road, on the east by the heirs of Abdul
Rahim and on the west by Alton Al Tayan. I
have always used this land together with my
partners, the heirs of Ibrahim Abu Hantash.
The Department of Agriculture has recently
claimed that this piece of land was vacant
(*mahlul*) and took possession of same. I have
served a Notary Public Notice on the Registrar
of Lands and asked him that he should bring
an action against me before the Courts if he
has any claim on the land, but the Registrar
of Lands did not comply with my request and
the Departments of Agriculture and Lands took
hold of a part of this land covering an area
of 20 dunums.

Whereas the action taken by the Depart-
ments of Lands and Agriculture is illegal; and

Whereas the piece of land appropriated
by these Departments forms part of the share
registered in our name in respect of which we
hold a title deed; and

Whereas we have used this land for a
long period;

Therefore I request Your Honour to order
the Departments of Lands and Agriculture to
restore to me the land referred to and to up-
root the trees planted on it or to accept its
value as uprooted.

The above swampy is situated at Wad El-Hawarith Esharki and is registered as measuring 180 Donums in the name of the Ottoman Treasury under No.3 dated Kan.Awal,1328.

2. It is also entered in the Werko as Grazing ground under Omum No. and bounded as follows:-

N.Main road.
S.El-Tayan,trench and Kakoun village.
E.Tel-Gharbi and Kakoun.
W.Khirbet El-Dalieh.

3. The Finance Officer of Tulkarem informed me that the property in question was always rented to the poeple with its boundaries recorded in their books.

4. On the 24th,June,1926,a commission composed of Youssef Eff.Thabet,Sub.Inspector of Lands,District Officer,Sub. Inspector of Agriculture and Forests,Northern Circle,myself and Surveyor proceeded to the land in question,and in the result of inspection and most careful enquiry made in presence of the Mukhtar and elders of Kakoun village,Mukhtar & elders of Shwekeh village,Mukhtar and elders of Wad El-Hawareth village and adjoining owners,the said Bassah was demarcated and final boundaries,as shown on the plan,was fixed.

5. A part of the Bassah on the Southern boundary measuring about 14 donums and 1025 Ziras, which was claimed by the petitioner and partners, found to be uncultivated since a long period, was considered as lying within the boundaries of the Bass.

6. I have searched my registers and found out the attached extract of registration of the property belonging to the petitioner, from which it appears that the boundaries mentioned in the said extract of registration do not coincide to the present boundaries.

7. The owners of the disputed plots in question, together with the other plots on the Southern boundary of the Bass, have lodged claims, begging you to kindly instruct the Registrar of lands Tul-Karm to exclude these plots, but from para 2 of your letter D/TUL/30 of 5/11/26, it appeared that their claims could not be admitted, and the plots were considered as lying within the original boundaries of the said Bass.

8. The bass in question was handed over to the Department of Agriculture since last year, and a living hedge of Eucalyptus trees was effected round the property.

9. It has come to my knowledge that while the planting operation was in progress, some of the lands inside the plantation was being ploughed and sown by some persons. The Agriculture Office tried in vain to know their names, but could not, as it appeared that such work was commenced either at night, or at times when no body was there at the Bass.

10. The Sub-Inspector of Agriculture has visited the bass in question on several occasions, and also as a member of a committee, which demarcated the property, expressed a technical opinion, that the plots of land claimed by the petitioner was a part of the Bass, basing his opinion on the vegetation that was on the ploughed land, being wampy weeds that grow only on marshy lands together with the colour and condition of the soil ploughed.

11. On 14-12-25 a certain Mr. Madorsky and Saleh El-Audeh reported to the Government in writing that Mahmoud Ibn Easa Abu Hantab has trespassed on the Bass lands, by boughing a part of it.

12. These gentlemen were lessors of the Bass on 1924-1925, and has taken over the property with defined boundaries for cutting the grass grown on the Bass and making same into hay. Their statement is of value as being lessors of the place, and have stated that the ploughing of this plot was only done recently in order to rob Government land, and that when they were the lessors the plot claimed was part of the Bass.

13. This statement corresponds with the technical opinion of the Sub-Inspector of Agriculture and Forests that the land in question was

Director of Lands

Subject :- Government Lands - Swamps.
Reference :- Your D/Tib/30 of 22.2.26.

In compliance with the instructions given in your above quoted letter, we have duly inspected the above swamps and knew their boundaries and areas.

I have written a report on each file and attached them thereto together with survey plans.

Files 30, 31, 32 & 30 are returned herewith.

(Sgd) Yousef Thabet,

In compliance with the order of the Director of Lands No. D/Tul/30 dated 23-2-26, we have duly inspected the plot of land known as Bassat Sederat Sheikh Salah and concluded the following :-

1. The above Bassah lies in Wad El Hawareth El Sharki of Tulkarem Sub-District, and registered in the Tabou on the name of the Finance under No. 3 dated December 1328 with an area of 180 donums and boundaries as follows :-

South: Ard El Tayan, the trench, Ard Kakoun and Ard Shwaikah.

East : Tel El Nourieh and Southward to Ard Kakoun.

North: Public Road and Ard El Sifrieh.

West : Bassat Dalieh.

2. According to the plan prepared by the Land Department Surveyor of Habbus, the area of the above Government Bassah together with some Muhlul lands lying on the south was found to be as follows :-

(a) Area of Government Bassah	239 dus. & 551 pics
(b) Plot in dispute by Ar Tayan	45 " & 1021 "
(c) Plot in dispute by Kakoun Inhabitants	14 " & 1025 "
(d) Three plots in dispute by Shwaikah Inhabitants	4 " & 389 "

The present situation of the above Bassah corresponds with the above boundaries; but its area exceeds the registered area by 59 donums approximately.

On the southern boundary of the above Bassah there lie five plots of land measuring a total area of 64 dus. and 835 pics left for a long time without cultivation. The locality of each is shown on the plan.

One of them is claimed by Mr. Tayan; the second is said to belong to Mahmoud El Eisa, Ahmed El Ibrahim, Deib El Abd El Kader & Hussein El Ali of Kakoun village; and the three remaining plots are said to belong to Abdel Rahim El Haj Abdallah, Abdallah El Haj Yousef, El Rajeh El Haj Mohamed and awlad Abdel Hafez of Jweikeh village.

Whereas the area mentioned in the old kushans of claimants lands, adjacent to the above five plots, is a small one, therefore claimants may either advance on or recede from their boundaries, as their lands are compact to the southern boundary which is a large one. And whereas there are no firm limits in the said side, therefore in either case (advancing or receding), it cannot be but a southern boundary to the Bassah and the said kushans cannot be valid for argument.

3. And whereas there are no firm limits between the southern boundary of the Bassah and the adjacent lands, and whereas the Mukhtars and elders confess that the five plots above quoted have not been cultivated for more than three years as per Mazbata dated 11 January 1926, and further whereas the Inspector of Agriculture & Forests confirms the above facts, therefore you will kindly give your orders to claim these five plots with the area of 64 domms and 335 pics as Mahlul.

4. The area and boundaries of the Government Bassah have been fixed and shown on the plan attached hereto.

5. In compliance with the letter sent by the Director of Lands to the District Commissioner, Northern District, dated 4th Feb. 1926 No. D/Tul/30, the above Bassah was handed over to the Department of Agriculture & Forests.

Note on files D/Tul/60, D/Tul/30, 31, 32.

Difficulties arose recently in regard to the Swamps of Wadi Jawarath and their location, which have led to some confusion.

It is desired therefore to trace briefly the position with regard to these State properties.

There are 3 swamps belonging to the Government namely:-

- 1) Bassat Sheikh Mahmud.
- 2) Bassat El Dalia and
- 3) Bassat Sheikh Salah.

There is another swamp situated within the sandy lands of Zelta Village belonging to the Government too.

The correspondence on the above mentioned files confuse very often these swamps with the sandy lands of Zelta Village which is a Government property too.

With regard to the first swamp or Bassat Sheikh Mahmud which is apparently the swamp referred to in D/Tul/60, there are no particulars on the file.

The correspondence sometimes refers to Bassat Sheikh Mahmud and sometimes to Bassat El Gazazah.

Both swamps are apparently adjoining each other and it is most desirable that Yusef Eff. Elabet should inspect and render full report with regard to their position.

In regard to Bassat El Dalia a report of Yusef Eff. Elabet is on the file and it seems advisable that a plan should be made with regard to this land, at the earliest convenience and the boundaries be defined permanently since encroachment takes place constantly on this swamp.

In regard to Bassat Sheikh Salah a valuable report has been rendered by a Commission composed of the District Officer of Tulkerem, Sub-Inspector of Agriculture and Forests, the Land Registrar and the Mudir Hal of Tulkerem.

The only question which should be dealt with immediately is the survey of the ground and the definition of the boundary permanently.

The Commission has revealed that some encroachment took place on this ground but since there is ample evidence oral and written to the effect that it is encroachment took place only recently the Commission is of the opinion that the part encroached upon could be declared Muhlul as this land has not been cultivated before.

The duties of Yusef Eff. Elabet at Tulkerem this time seems to me to be the following:-

- 1) To define the ground of each of these swamps together with the District Officer and the Surveyor of Neblug.
- 2) To arrange for the survey of these properties.
- 3) To fix permanent boundary marks.
- 4) To report on the possibilities of making Muhlul those parts of the swamps encroached upon.
- 5) To clear up the position in regard to the 2 swamps called Bassat Sheikh Mahmud and the Bassat Gazazah.

6) To report on each property separately.

I now understand that the above mentioned property which is a Bassa together with Bassat El Dalieh adjacent to it are required by the Agric. Department for afforestation as well as grazing for the Agric. School animals.

2. A scheme has been put forward by the Sub-Inspector of Agriculture and Forests to the said Department, and as far as I have seen from the correspondence on the subject, the scheme is receiving favourable consideration. It also appears that expenses for afforestation are being included in 1926-27 estimates.

3. I am fully in agreement that the said two Bassas be used by the Agric. Department for their useful scheme.

4. The amount of money derived annually from the lease of the two Bassas is very insignificant. The last offer for Bassat El Dalieh for instance is £E.5 and it has not yet been leased.

14-12-25.

His Excellency
The High Commissioner.

Every year Government used to lease the State land known as Bassat Sheikh Salah of Kakoun village, Tul Karem Sub-District. In the year 1925 it was leased to us in partnership with Saleh el Odeh of Kakoun village. Yesterday under the Collective Responsibility Ord. the villagers of Kakoun were sentenced by the Court to pay a sum of L.E.396 cost of dry straw which was reaped by our machines and labour and which was burnt. In order to prove that the Bassat Area does not yield a crop equivalent, in quantity, to that claimed to be burnt down and for which the judgment was passed, a certain Mahmud el Issa and his cousin Abd. Ibrahim at the instance of Abdel Latif Abu Hantash of the same village appropriated a portion of this State Land and ploughed same by means of an iron plough drawn by six horses especially hired for the purpose. Whereas the thief who steals Government property is criminally responsible and whereas the following up of such matters is within the jurisdiction of the post of the Public Prosecutor, we submit this information for any appropriate action.

Close investigations were made by District Officer, Sub-Inspector of Agriculture and Forests, Mudir Mal and Land Registrar of Tul Karm, and the result of our investigations is as follows:-

- (1) There is no dispute about the boundaries of the Bassat, in the North, East, and West. The boundaries given in the State Domain Kushan for these sides, correspond with those shown on the spot and they are very clear.
- (2) The dispute on trouble is about the southern boundary only. The Kushan gives the boundary on this side, a Khandak or Trench, and it mentions that this Khandak is separating the Bassat from the land of Tayan, and from that of Kakon, and Shewaikah people.
- (3) During the Turkish time there was a dispute about the boundary on the south side of the Bassat, and the Government then compelled Tayan to dig a Khandak. This he did, but as many years past since the Khandak was made, it was filled up again with earth and is now very vague.
- (4) The people point out to a set of stones placed together as shown in point A, on attached plan as the head of the Khandak. Single stones are shown from this point all along the south side of the Bassat, at a distance of about 200 yards each, indicating the limit between the Bassat and adjacent land, belonging to Tayan, Kakon and Shewaikah people as far as the East boundary.
- (5) As you see on the plan the Kakon people have newly ploughed this year a plot of land marked X, about 18 donums, and Shewaikah people ploughed the plot marked X X, about 15 donums. They claim that they own these by a Kushan and that their land extend as far as the above mentioned stones. You will also notice that the plot belonging to Tayan and marked A. is not ploughed, but is claimed by him just the same as the others. The parties concerned say that in years when heavy rains fall they cannot plough the land, but such year as this they did because the rains were not so heavy.
- (6) While the Commission is of the opinion that there was no trespass on the Bassat, as yet it is claimed by petitioner of the opinion that the above mentioned three plots of land are Mahloul and should be dealt with as such. Both from the written evidence of the Mukhtars and elders of Kakon (Copy attached) and from the technical knowledge of the Sub-Inspector and Forests as well as that of the members of the Commission, it appeared that the two plots which have been ploughed by Kakon and Shewaikah people this year together with the unploughed plot belonging to Tayan, these three plots have not been ploughed or cultivated for more than three years.

(((2)))

(7) This is however a matter for the Land Department to prove as this Department is in the habit of sending one of its inspectors to investigate such cases.

(8) As such disputes about the boundaries of the three Bassats in this Sub-District are frequent, I have often asked the Land Department to send a special Surveyor, to determine the exact boundaries of the Bassats, and to provide this office with proper plans for same and if possible definite marks should be fixed, but I was recently told that no Government Surveyor is at present available as all have their hands full, and that one will be sent at the first chance. I shall be glad therefore if you will kindly communicate with the Director of Lands with a view to send a Surveyor as soon as possible, as this will enable me to settle the disputes in future without delay.

(9) I am also sending the Director of Lands a copy of this report in answer to his letter received yesterday, copy attached.

Description.

Translation of a petition from
Aharon Amdursky and Levy Amdursky.

250
Petitioners Aharon Amdursky and Levy Amdursky state that in accordance with the provisions of the Collective Responsibility Ordinance they obtained a judgment in their favour against the inhabitants of Kakun village for the sum of ££.396 cost of hay harvested by means of Agricultural Machinery from Miri lands known as Bassat Shukr Salah, Kakun village, which they farmed in 1925.

In order to prove that the area does not produce hay for the sum claimed, Mahmud Al-Iss and his cousin have, by the instigation of Abdul Latif Abu Mantash, trespassed upon the said Bassat and included a part of it in their own lands.

Whereas the thieves of Government Property should be taken as responsible under the above-mentioned law, Petitioners submit this information to His Excellency so that the Government may take the necessary steps to punish the offenders.

between Messrs. Levy Isaac Madurski & Aaron Madurski of hedera on the one side, and Mr. Saleh El Odeh Mohamed of Kakun village on the other side, for sharing the harvest of the hay swamp leased by the latter from the Palestine Government and called "Basset el Sheikh Saleh" in accordance with the contract in the possession of the said Saleh-el Odeh from the Government, as follows:-

- 1) The said Messrs Madurski shall cut all the hay growing on the swamp with their machines and horses and by hand, if necessary. They shall also gather the whole hay in heaps at their own expenses.
- 2) The said Saleh shall pay the rent for the lease to the Government according to the contract between him and the Government and the expenses incurred in guarding the swamp from the beginning of the cutting till the completion of the transport of the last sheaf, and he shall further be responsible for protecting the hay against theft.
- 3) The work of gathering the hay and transporting it to the place where it will be pressed, shall be done with the horses of Messrs, Madurski at their expense.
- 4) Mr. Saleh el Odeh shall place workmen near the large heap by the pressing machine, who will stack the hay brought by the horses, on to the one large heap by the pressing machine, who will work at his expense.
- 5) Transport of the pressing machine. The expenses in bringing the pressing machine from the colony to the place of work and returning it after completion of the work, will be borne as follows: one third by Mr. Saleh and two thirds by Messrs Madurski.
- 6) Work of the pressing machine. The cost of hiring the machine from its owner and all other expenses incurred in the pressing of the hay, such as pay to workmen, wire etc. shall be borne by both parties equally, i.e. in halves.

- 7) There shall be no sharing of the hay before the final settlement of the expenses incurred by both parties according to this contract and before each party has paid his share of the expenses.
- 8) After being pressed by the machine, the hay will be shared in equal parts according to the weight in tons, each party to receive one half. Messrs Madurski receive one half, and Mr. Saleh el Odeh receives the other half.
- 9) In case of the Government demanding any fees whatever in the shape of tithes, the two parties undertake to pay each according to his share.
- 10) Sale of the hay. Should the partners come to an understanding to sell the hay on their joint account, then the proceeds from the sale will be shared instead of the hay as mentioned above after deduction of all the expenses together with the expenses incurred by the sale of the hay.
- 11) If there is no agreement between the partners to sell the hay jointly, then the hay will be shared on the threshing floor and each will take his share of the hay as mentioned in Clause 8 of this contract.
- 12) Either party contravening the terms of this contract shall pay to the other party a fine of £E.25.- (Twenty five Egyptian Pounds).

This contract has effect from 12th April 1925 till the end of the harvest in the said swamp.
